Here are just a few reasons to join us at this year's Forum in May:

- **General Sessions** – There has never been a more critical time to be a part of the National Postal Forum, and you'll understand why when you hear the new Postmaster General Pat Donahoe discuss the "State of the U.S. Postal Service" at the Opening General Session. Come to this session and learn directly from the Postmaster General about the Postal Service's 10-year action plan for the future. You'll hear how the Postal Service is working to keep mail an affordable engine of communication and commerce in a very challenging economy.
- **Executive Briefing and Key Topics Led by USPS® Management** – Visit these sessions—being delivered by top Postal Service™ executives—to learn what they have to share with you about topics of importance to you and your business.
- **More Than 130+ Workshops!** – The 2011 Forum features over 130 workshops grouped into 11 professional certificate programs.
- **Network! Network! Network!** – Enjoy luncheons, peer-to-peer roundtables, evening receptions and Wednesday's spectacular Closing Gala.

If you cannot attend the above programs, you may still take advantage of NPF's biggest trade show ever!

This is your opportunity to take advantage of FREE admission to the NPF Exhibit Hall.
