### DOCUMENT SHREDDER MODEL SH6A

The security and confidentiality of your company's documents is critical in today's environment. And in an office setting where you have several employees working with key information, it's more important than ever to ensure that your private information is kept that way. Now you can make it easy for your employees to help protect that confidentiality. The Model SH6A is designed for easy access in any office environment.

The Model SH6A provides medium duty shredding capabilities, including the acceptance of staples and paper clips with whisper quiet operation. Documents are shredded into cross-cut particles to help assure your confidential material is safely destroyed and your company's privacy protected.

**1. Wide Feed Opening**

Accepts paper up to 10-1/4" wide giving you more shredding flexibility. Easily shreds letter and legal size documents.

**2. Hands-Free Shredding For All Office Settings**

Automatic on/off allows you to shred your documents hands-free. Fits nicely in any office environment, making it available to all employees in a common area.

**3. Self Contained Unit With Casters**

The SH6A has rolling casters allowing this unit to be conveniently moved around the office. Self contained unit provides a whisper quiet and dust-free operation. The control panel indicators let you know when the bag is full or the door is open.

**4. Cross cut shred**

Produces cross-cut unreadable pieces to protect confidentiality. Accepts staples and small paper clips, no need to remove them before shredding.
